Vendor Web Conference
Request for Proposal No. 3894
Automated Fingerprint Matching System

August 15, 2016

Attendance

- ▶ Roll Call

- ▶ Please email your business card to Patti Irgens (Patti.Irgens@its.ms.gov)

- ▶ Attendees will be posted on the ITS website (www.its.ms.gov)

Agenda

▶ First Roll Call – Patti Irgens – ITS

▶ Project Overview – Clay Johnston & DeWann Clark– MDPS/CIC

▶ Procurement Guidelines – Patti Irgens – ITS

▶ Questions/Answers – All (Answers to questions posed during the vendor conference are not official unless submitted in writing)

▶ Wrap-up and Next Steps – Patti Irgens   –   ITS

▶ Final Roll Call – Patti Irgens – ITS

Project Overview

The Mississippi Department of Public Safety is soliciting proposals to replace or upgrade the existing Automated Fingerprint Identification System (AFIS) to an AFIS using updated technology that is compatible with the FBI's Next Generation Identification Technology (NGI). The project is for a 'turnkey' complete system to include all hardware and software necessary to operate 24/7,365 days a year in a high (1100 average transactions a day) volume operation.

Project Overview

The updated AFIS must be capable of performing existing business processes and enhancements as well as interfacing with the State's computerized, Mississippi Criminal History System (MCHS) . MCHS servers host the MS criminal history database and the workflow that interfaces with the MS Automated Fingerprint Identification System (AFIS), the MS criminal justice message switch, and the FBI NGI/III.

Project Overview

The redundant server configuration is available 24x7 hosting MS criminal justice applications that include processing of fingerprint transactions from agencies across the state for arrests, applicant background checks, and Department of Corrections inmate intake processing. MCHS also provides disposition processing, sending sex offender biometrics to the FBI, court orders to expunge arrests, background checks for Hazmat Drivers Licenses, and gun purchase background checks.

Project Overview

The State has outlined within this RFP as much detail necessary to give all bidders the needed understanding as to what the State is looking for to support their future AFIS needs. Outlined within the document is an overview of the business requirements, interfaces, capacity and throughput, and quality expectations.

RFP Response

▶ Proposal: 1 original, 5 copies

▶ Submission Cover Sheet, Section I

▶ Proposal Bond in the amount of $7,500.00

▶ Performance Bond, Section IV, Item 37

▶ Proposal Exceptions, Section V – not able to take exceptions after the fact

▶ Response to RFP Questionnaire (Section VI)

▶ Point by point response to Section VII, Instructions outlined in Section VII, Item 1.

▶ Cost Information Submission (Section VIII)

▶ References (Section IX)

Upcoming Dates

▶ Deadline for Vendor's Written Questions
Friday, August 19, 2016 – 3:00 p.m. Central Time

▶ Deadline for Questions Answered and Posted
August 31, 2016

▶ Proposal Due Date
Thursday, September 15, 2016 - 3:00 p.m. Central Time

Cost Information Submission

▶ Section VIII

▶ Costs must be submitted using the format provided

▶ Vendors cannot update costs after the proposals are opened

▶ Project Budget data is not available

Standard Contract

▶ Exhibit A, Turnkey Agreement

▶ Review and take exception if necessary

Additional Information

▶ Communication with the state, see Section II, Item 14. The State's contact person is Patti Irgens: Patti.Irgens@its.ms.gov

▶ Answers to questions posed during the vendor conference are not official unless submitted in writing

▶ Continue to check the ITS website for updates related to the RFP (www.its.ms.gov)

Attendance

▶ Final Roll Call

▶ Please email your business card to Patti Irgens (Patti.Irgens@its.ms.gov)

▶ Attendees will be posted on the ITS website (www.its.ms.gov)

Thank You!
